Subject: Microsoft Settlement

Folks,

Please tell me that this is all a joke and you are not serious about the proposed "settlement" with Microsoft.

I simply cannot believe that you would be party to any agreement that will merely serve to increase Microsoft's share of the educational market, and offer them no real penalty at all.

Is there no one who will stop the Microsoft juggernaut before we are all paying them exorbitant monthly fees just to use our computers and access the internet?

Sadly,
David
